Good morning-

Thank you for the wonderful, beautiful job you did on the van. We are getting calls for new customers because of it.

Can you duplicate what was done, without the address and phone number, just the graphic of children and animals on some sort of board (foam) so that we can hang it in the entrance and if possible a larger one to hang on the wall in the infant room?? And what sizes are possible if this is doable?

We wanted something that would not be permanently affixed to a wall.

Again thanks.

Barbara McDougald
