

Dear Tim and Tammy,

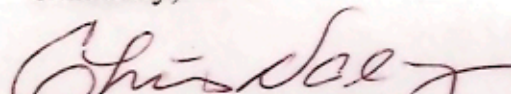

25 Feb 06

THE BIKE IS AWESOME, thank you so much for your professionalism and adjusting to my schedule. I didn't think the bike could look any better after you painted it the first time, but you exceeded my expectations.

Be assured that you will get all of my business in the future and I will definitely recommend you to other bike owners.

In closing, it's refreshing to do business with someone that thinks like I doArtistically speaking of course. I've realized that not only have I gained a "painter" for my bike, I've also gained two very special friends. Good luck to you in the future.

Sincerely,

Chris Nalley, aka "Nalley Cat"
